Compliance with EU Taxonomy regulation EU2021/2139 Appendix C

We hereby confirm that all Ecophon mineral wool products, acoustic plaster products, and wood wool products, meet the DNSH (Do No Significant Harm) criteria for Objective 5 "Pollution prevention and control" in EU Taxonomy regulation EU2021/2139.

More specifically, the products comply to point (a) to (f) in Appendix C by not containing any of the following:

- Substances listed in Annex I or II to Regulation (EU) 2019/1021
- Mercury and mercury compounds as defined in Article 2 of Regulation (EU) 2017/852
- Substances listed in Annex I or II to Regulation (EC) No 1005/2009
- Substances listed in Annex II to Directive 2011/65/EU, except where there is full compliance with Article 4(1) of that Directive
- Substances listed in Annex XVII to Regulation (EC) 1907/2006, except where there is full compliance with the conditions specified in that Annex
- Substances in a concentration above 0.1% weight by weight (w/w), and meeting the criteria laid down in Article 57 of Regulation (EC) No 1907/2006 and that were identified in accordance with Article 59(1) of that Regulation for a period of at least 18 months, except if it is assessed and documented by the operators that no other suitable alternative substances or technologies are available on the market, and that they are used under controlled conditions.
- Substances in a concentration above 0,1% weight by weight (w/w), that meet the criteria of Regulation (EC) No 1272/2008 for one of the hazard classes or hazard categories mentioned in Article 57 of Regulation (EC) No 1907/2006, except if it is assessed and documented by the operators that no other suitable alternative substances or technologies are available on the market, and that they are used under controlled conditions.

In addition, in tests conducted in accordance with EN 16516 and ISO 16000-3, these products emit less than:

- 0,06 mg of formaldehyde per m³ of test chamber air upon testing in accordance with the conditions specified in Annex XVII to Regulation (EC) No 1907/2006
- 0,001 mg of other categories 1A and 1B carcinogenic volatile organic compounds per m³ of test chamber air
